PRESS RELEASE

RINA INTERMODAL AND CMC INTL. LTD. ANNOUNCE COOPERATION AGREEMENT FOR GLOBAL SERVICES

Rina Intermodal has appointed CMC Intl. Ltd. as its leading partner for global tank container quality inspections.

RINA Intermodal is the RINA company active in accreditation, approval and certification of intermodal equipment based on international standards, safety regulations and customers' requirements. Rina is currently fulfilling ISO/IEC 17020 inspection rules.

CMC is the world's leading technical services and intermodal fleet management company. Operating in 44 countries, CMC offers cutting-edge technology, business process services, back-office outsourcing, technical advisory services and cost control expertise to global transportation service providers.

The new global service offered by the Rina/CMC partnership represents an important collaboration for the customers, business partners, and employees of both companies. By joining forces, Rina and CMC will leverage people skills, geographical coverage and management of both organizations to heighten the quality of services offered to clients.

About Rina and CMC

RINA is a multi-national Group which delivers verification, certification, conformity assessment, marine classification, environmental enhancement, product testing, site supervision & vendor inspection, training and engineering consultancy across a wide range of industries and services. RINA operates through a network of companies covering Energy, Marine, Infrastructure & Construction, Transport & Logistics, Food & Agriculture, Environment & Sustainability, Finance & Public Institutions and Business Governance. With a turnover in 2016 of 448 million Euros, about 3,700 employees and 170 offices in 65 countries worldwide, RINA is recognised as an authoritative member of key international organizations and an important contributor to the development of new legislative standards.

CMC is an intermodal fleet management company operating in 60 countries and serving over 200 marine port areas. Its unique range of services is backed by 30 years of container operations, fleet utilization, and M&R experience, plus an advanced interactive web-based IT portal that delivers worldwide visibility over the outsourcing services we offer.
